PIONEERING EDUCATION VISIONARY READY TO INSPIRE YOU

Embark on a journey of innovation and empowerment with Giancarlo Brotto, a visionary leader at the forefront of shaping the future of learning. With over two decades of experience in education, leadership, and innovation, Giancarlo is more than just a speaker—he's a catalyst for change, a champion of progress, and a beacon of inspiration for leaders, educators and learners alike.

Giancarlo's journey is marked by a relentless dedication to empowering learners to not just adapt but thrive in an ever-evolving, AI-driven world. His expertise extends beyond the confines of traditional education, encompassing the realms of technology, social-emotional learning (SEL), and cutting-edge innovation.

A lifelong learner at heart, Giancarlo has immersed himself in the latest research and cutting-edge practices to stay ahead of the curve. He holds certifications from prestigious institutions such as MIT (Shaping Work of the Future) and Harvard Law School, where he honed his skills in Leadership and Negotiation. These credentials attest to his unwavering commitment to excellence and his relentless pursuit of knowledge in service of empowering learners to thrive in an AI-driven world.

As a seasoned strategist, Giancarlo continues to forge partnerships with global giants like Karanga—the global alliance for SEL and life skills—and the OECD, where he played a role in the launch of the world's first international assessment of social and emotional skills. His collaborations with industry titans, including leading employers and one of the world's largest consumer electronics manufacturers, underscore his ability to bridge the gap between education and the demands of the future workforce.

But Giancarlo's impact isn't confined to boardrooms and policy discussions. He's a dynamic keynote speaker who has graced stages around the globe, captivating audiences of all sizes with his infectious energy and thought-provoking insights. From intimate workshops to massive auditoriums hosting over 55,000 attendees, Giancarlo's sessions are not just informative—they're transformational experiences that leave a lasting impression.

What sets Giancarlo apart is his hands-on approach to learning. His sessions aren't passive lectures; they're dynamic, interactive experiences that invite participants to actively engage with the material. Through a blend of individual reflection and group activities, Giancarlo brings the science of learning to life, empowering leaders, educators, parents, and students to embrace change and seize opportunities in an ever-evolving landscape.

His impact extends beyond the stage. Giancarlo shapes education systems globally—advising school systems, driving innovation, and currently serving on global education bodies such as the Brookings Institution's Global Task Force on AI in Education and Oxford University's AI Education Research Hub. As the founder of Pave Edu, he leads an organization dedicated to helping governments, organizations, and school systems transition strategically into an AI-driven world.

In a world where the only constant is change, Giancarlo Brotto stands as a beacon of hope and inspiration, guiding educators, parents, and learners towards a future filled with limitless possibilities. Don't just envision the future of education—experience it firsthand with Giancarlo as your guide.
